TROPHIES LED LIGHT.

A NEW LIGHT EXPERIENCE

LED LIGHT E14 24SMD

Article number: 1011

Technical specifications:

- > Light source : SMD LED
- > LED Quantity : 30pcs.
- > Power consumption : 2,3Watt
- > Lamp base : E14
- > Material : aluminum, glass bulb
- > Weight : 40gr.
- > Beam angle : 120°
- > Lumen output : 110lm
- > Color temperature : 3.000K
- > Input voltage : 230V
- > Output voltage : 230V
- > Working temperature : 0°C ~ 45°C
- > Working humidity : 10 ~ 95°
- > Color range : warm white and cool white
- > Protection rate : IP54
- > Available certificates : CE, RohS
- > Extra information : selected Trophies retail product

- > Packing quantity : 50pcs.
- > Packing dimension : not applicable yet
- > Package weight : not applicable yet

Attention: Please take in consideration that there might be a difference in the color reproduction of individual LEDs in different production batches.
